

Deserted Island Activity

AHHH!!! You were flying to Hawaii, but your plane crashed in the ocean. Thankfully, all passengers survived and everyone made it to a deserted island! Even better news, you have everything on the island that you need to survive. However, since there are a lot of people on the island, you need to create your own government to keep order. Think about what you learned in this unit to think about how you want to create the government.

1. Style: How is your government going to be set up? (Circle one)

Different Levels (whole island, areas of island, small groups)	One person decides for whole island	One small group decides for whole island	Everyone votes on issues
--	-------------------------------------	--	--------------------------

2. Food: Who is going to handle the food? (Circle one)

A group provides food for everyone	Each small group gets food for themselves	Everyone finds food for themselves
------------------------------------	---	------------------------------------

3. Education: How are people going to learn (education)? (Circle one)

One person decides what people should learn	Small groups can decide what to learn themselves	Everyone chooses themselves what they want to learn
---	--	---

4. Conflicts: Who is going to handle conflicts/problems? (Circle one)

One person decides how to handle the conflicts	Different small groups decide how to handle conflicts in their groups	Everyone votes on how to handle each conflict
--	---	---

5. Now it's time to think about how you want to design your poster (on a blank piece of paper).

- Must include your 4 areas above (**style, food, education, conflicts**)

Example →

6. Add pictures and colors to make the project look fun and neat. You can draw or paste pictures.
