

Determine if each diagram depicts a function or not.

Find the Domain and Range and state whether each set is a function or not.

1) $\{ (5, 7), (0, 2), (-2, -7), (-8, -4), (-3, -4) \}$
 Domain: _____
 Range: _____
 Function? : _____

2) $\{ (0, -9), (3, -9), (-9, -2), (-4, 5), (6, 3) \}$
 Domain: _____
 Range: _____
 Function? : _____

3) $\{ (7, 1), (-8, 3), (9, -9), (7, 3), (-4, 4) \}$
 Domain: _____
 Range: _____
 Function? : _____

4) $\{ (-9, -9), (5, 1), (5, -3), (-1, 7), (0, -2) \}$
 Domain: _____
 Range: _____
 Function? : _____

Identify if the graph is a function. (Yes or No)

Identify the domain and range of the graph and whether or not it is a function. (Yes or No)
