

Magnets in Life

Magnets are all around us in the world! However, we may not be able to see them all the time because they are hidden in objects. For this assignment, you can use your resources (research, parents, siblings, whatever you need) and write down 5 ways magnets are used, whether it's at home or around the world.

One way: _____

Second way: _____

Third way: _____

Fourth way: _____

Fifth way: _____
