

MULTIPLICATION AND DIVISION

FACT FAMILY

WHAT ARE FACT FAMILIES?

- ✓ It is a group of related number sentences.
- ✓ It can be related addition and subtraction facts or multiplication and division facts.
- ✓ Fact families use the same 3 numbers in all equations.
- ✓ They usually have 4 related facts. There are some exceptions. Square facts do not have 4 related facts (i.e. $3 \times 3 = 9$).

EXAMPLE

Three numbers in the fact family: 2, 3, 6

$$2 \times 3 = 6$$

$$3 \times 2 = 6$$

$$6 \div 2 = 3$$

$$6 \div 3 = 2$$
