

MULTIPLICATION

8s TIMES TABLE

We can solve the 8s facts by using the related 4s facts:

- 1 Identify the related 4s fact (replace the 8 with a 4) and solve.
- 2 Double the product of the related 4s fact.
- 3 Solve the related 8s fact problem.

EXAMPLE

Find the product of 8×3 .

STEP 1

4 \times 3 is related to 8 \times 3

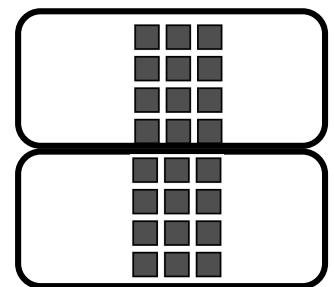

$$4 \times 3 = 12$$

STEP 2

Double 12

$$12 + 12 = 24$$

STEP 3

The product of

$$8 \times 3 = 24$$
