# Marvelous MASSES

Select 5 items from around the classroom, record an estimate of each item's mass and then measure the actual mass. Make sure to use the correct units (mg, g or kg). Be sure to put each item away.

Item	Estimate	Actual mass

# GUESS \* MY \* WEIGHT

Select 5 items from around the classroom. Make a guess about how much the item weighs. Then weigh each item on the scale. Make sure you label your units (oz., lb.) Be sure to put each item away.

Item	Estimate	Actual weight
