

Rock Cycle Brochure

Directions: *You may need some assistance from a parent/guardian*

1. Fold a blank white piece of paper into thirds
2. On one side of the paper, on top of each column, write the titles (*see example*).

This will be the outside of your brochure:

- **Main Attractions**
 - **Safety**
 - **Journey Through the Rock Cycle** (*this is your title page*)
3. On the other side of the paper, on top of each column, write the titles below (*see example*). This will be the inside of your brochure:

- **Sedimentary Rock**
- **Metamorphic Rock**
- **Igneous Rock**

4. Pretend you are creating a brochure for someone who wants to travel through the rock cycle
5. On the inside of the brochure, describe how each type of rock:
 - Was formed
 - What they would enjoy seeing if they visited that rock
6. On the title page, along with your “Journey Through the Rock Cycle” title, add:
 - Picture
 - Your Name
7. On the “Main Attractions” column, create an event/show that would relate to the rock cycle
8. On the “Safety” column, add tips to stay safe on their journey

****Look at the example to see how the brochure is set up****
